CAPITAL REPAIR / REPLACEMENT COMPLETION REPORT

Name / description of the project services or goods purchased

Describe the work that was completed if modifications were made or if funding did not allow the project to be completed as planned. State "completed as planned" if that is the case

What was the final cost of the project? If the final cost was higher than the estimate tell why and what was the source of funds beyond the estimate?

Are there related repairs or replacement items that still need to be completed on this project?

How would you rate the quality and cost effectiveness of this vendor?

Quality of work _____

Cost effectiveness _____
